RE: Committee Recommendations

The Legislation Committee met on May 14 and referred one item to Commission.

**AB 2620 (Eng)** seeks to dedicate an unspecified percentage of net toll revenue from future toll facilities to the State Highway Account for the maintenance, preservation and rehabilitation of the state highway system.

**Committee Recommendation: Oppose AB 2620 (Eng) unless amended to require that each cooperative agreement for a new toll facility detail the role tolls or other funds will play in helping to ensure that the corridor where the toll facility is located is maintained in a state of good repair.**
